## *Introducing Saved By Grace*

Throughout 2023 NOW Magazine has introduced women who have shared how their lives have been "Saved by Grace."

The first quarter we introduced Mrs. Shelia Jackson who had back surgery. The second quarter we introduced Mrs. DaNeidra Kelly, she had open heart surgery. Both mother and daughter in 2020 found themselves walking by faith.

In this last quarter of the year, I bring to you two additional women Ms. Verdina Calhoun and Ms. Carlette Leonard Stills, who stories have similarities of how faithful God is during the darkest hours.

Each woman, during their journey of recovery, endured, persevered, trusted, and grew. They will tell you; they are still growing. I am proud to say I know these ladies firsthand; they are my sisters and niece, and I am so grateful to our Heavenly Father for them still being here. I cannot begin to express how much I appreciate their willingness to be open with you, my readers, on how their lives have been "Saved by Grace."

It is my DEEPEST PRAYER that someone will read their stories and find faith, strength, and trust as they journey through this life, knowing Father Saves by HIS Grace.

## *"Saved By Grace"*

Hello, I'm Verdina Calhoun and I'd like to share the good news of Jesus Christ within my life. On March 21, 2023, I went to work, had a perfect day, came home, and did my usual routine, ate, showered, and got in bed, but I felt something was wrong when I noticed my right arm was numb and I could not feel my right leg. I called my sister to tell her how I was feeling, and she immediately said she was on her way. I was in bed and thought about going to sleep but decided against it and thought I should unlock the lower lock on my front door for my sister.

The moment I tried to stand I immediately went down to the floor; at that moment my thought was I had had a stroke, then I felt fear trying to grip me, but the Holy Spirit told me I have not given you the spirit of fear, (2 Timothy. 1:7) and immediately peace came over me. I kept saying Lord stay with, stay with. He said I will never leave you; I will never leave you. (Matthew 28:20; Hebrew 13:5b) Perfect LOVE casted out my fear. (1 John 4:18)

I started dragging myself to the front door, to remove the locks, I was only able to reach the bottom lock. I was unable to stand to reach the top. My sister and the paramedics arrived around the same time; they asked me if I could stand up, I told them no. They had to break the chain lock off the door to get in. I was rushed to the hospital, and they did an MRI and found out that I had had a stroke. A Neuro specialist came in, asked if I knew what happened to me, I told her I believe I had a stroke? She asked if I knew where I was and if I knew my name and the year. I told her my name and the year, and she confirmed it. During all of this I was still alert and at peace, although my blood pressure was extremely elevated. While she was talking to me, she turned to speak with my family, and I asked if she would talk to them outside the door because I wanted to maintain my peace.

On March 26, another Neuro specialist came in my room to access my progress, when he saw me sitting up, and talking, he said, in all my years I have never seen anything like this. Your progress is far beyond what I have ever seen in a stroke victim. He was literally scratched his head. He went on to say, "Well I want see you anymore," shook my hand and still scratching his head walked out the room.

March 27, I was admitted to the rehabilitation hospital, that day my oldest daughter put on the white board in my room 'God will restore better than before'. While there I had to learn how to balance myself and walk again. I progressed so well that on April 11 I was released from the rehabilitation hospital to continue rehabbing as an outpatient. The healing process happened so quickly that I finished in 5 weeks instead of 8 weeks. The whole time I was rehabbing, I was not sad, or depressed.

I am very grateful to my daughters and family for assisting me in this process. Taking me to doctors' appointments, making sure there was no lack in any area. Embrace the process with patience and trust God - HE is a HEALER!!!

## *"Saved By Grace"*

Hi my name is Carlette Stills, I have been in healthcare administration for 26 years. On July 31, 2019, I was driving to work and just thanking God for being God in my life. Earlier that morning, I sent my daughter a video of me wearing an outfit that she bought me. During my drive, I began to get dizzy and by the time I pulled into the parking lot, I stepped out of my vehicle and passed out. I was then rushed to the ER and found out I had suffered a brain aneurysm; it had been bleeding for two days.

I had short-term memory loss, I felt like I was not the same person, in fact I didn't know who I was physically, emotionally, and mentally. But I remembered the most important thing, "GOD IS FAITHFUL". I kept repeating that phrase every day. I went through extensive therapy and counseling. During my therapy sessions, my counselor asked me, "Carlette, if it were something that you would do different after your recovery, what would it be?" I said, "I would start my own business." Those words I spoke were my fuel to get better because GOD had placed that desire in me years ago and I never told anyone.

I have no long-term effects from the brain injury and my cognitive skills are sharper than ever. During my recovery, I began to realize my self-worth and in April 2020, during the pandemic, I decided to start my own medical professional consulting business. Everyone thought I was off my rocker for starting a business during a pandemic. My business began to take off and my first client was in Washington State. I now have 3 practitioners in my consulting business, I have written over ten business plans, I work with an amazing mortgage brokerage, Aqua Mortgage, and I am working on two non-profit projects.

I am in awe of what GOD is doing in my life. My brother-in-law, Pastor Price, has a saying, "WE NEVER LOSE". I am alive, healthy, whole, and with a sound mind. I have a brand-new brain, because when GOD healed me, HE put HIS super on my natural and made me even sharper than ever before. I confess every morning that I am UNSTOPPABLE. Some of those mornings, I am making those confessions with tears falling, because even during adversities, GOD IS FAITHFUL!!!
